

## Perceptual Rating of Prompt Attributes (Length, Redundancy, Constraint Density)

### 1. Native English speaker?

☐ yes

☐ No

### 2. How many years of experience with LLMs/AI do you have?

☐ 0-1

☐ 1-2

☐ 2-3

☐ 3+

### 3. How familiar are you with prompt engineering?

☐ Not familiar

☐ Beginner

☐ Intermediate

☐ advanced

**PART A: Length Variants****4. Prompt L1 (Short):****"Answer the following question accurately: [question]"**

|                               | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|-------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>Perceived length</b>       | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived clarity</b>      | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived completeness</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**5. Prompt L2 (Medium):****"Please provide an accurate answer to the following question. Your answer should be factual and concise: [question]"**

|                               | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|-------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>Perceived length</b>       | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived clarity</b>      | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived completeness</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**6. Prompt L3 (Long):****"I would like you to carefully consider the following question and provide a comprehensive yet accurate answer. Please ensure your response is based on factual information and avoids speculation. If you are uncertain about any aspect, it is better to acknowledge uncertainty than to guess. Take your time to reason through the problem step by step before providing your final answer. Here is the question: [question]"**

|                               | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|-------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>Perceived length</b>       | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived clarity</b>      | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Perceived completeness</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**PART B: Redundancy Variants****7. Prompt R1 (No redundancy):**  
**"Cite your sources. [question]"**

|                                                   | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|---------------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>The instruction is clear</b>                   | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The repetition feels excessive</b>             | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The prompt would effectively get citations</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**8. Prompt R2 (Medium redundancy):**  
**"Cite your sources. Please remember to include references for any factual claims. [question]"**

|                                                   | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|---------------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>The instruction is clear</b>                   | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The repetition feels excessive</b>             | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The prompt would effectively get citations</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**9. Prompt R3 (High redundancy):**  
**"Cite your sources. It is important to include references. Always provide citations for factual statements you make. Do not forget to cite your sources. [question]"**

|                                                   | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|---------------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>The instruction is clear</b>                   | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The repetition feels excessive</b>             | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>The prompt would effectively get citations</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**PART C: Constraint Density Variants****10. Prompt C1 (Low density - 1 rule):**  
**"Answer accurately. [question]"**

|                                                  | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|--------------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>Number of distinct rules perceived</b>        | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Cognitive load (how demanding to follow)</b>  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Likelihood a model would follow all rules</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**11.**  
**Prompt C2 (Medium density - 3 rules):**  
**"Answer accurately. Cite your sources. If uncertain, say 'I don't know.' [question]"**

|                                                  | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
|--------------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| <b>Number of distinct rules perceived</b>        | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Cognitive load (how demanding to follow)</b>  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| <b>Likelihood a model would follow all rules</b> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

12. **Prompt C3 (High density - 5 rules):**  
**"Answer accurately. Cite your sources. If uncertain, say 'I don't know.' Provide step-by-step reasoning. Keep your answer under 100 words. Avoid speculation. [question]"**

|                                           |                       |                       |                       |                       |                       |
|-------------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
|                                           | 1(very low)           | 2                     | 3(medium)             | 4                     | 5(very high)          |
| Number of distinct rules perceived        | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Cognitive load (how demanding to follow)  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Likelihood a model would follow all rules | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

**PART D: Overall Ranking**

13. Please rank the following prompts from most effective (1) to least effective (3) for obtaining a factually accurate response:

L2 (Medium)

L1 (Short)

L3 (Long)

14. Which redundancy level would you use?

- ☐ None
- ☐ Medium
- ☐ High

15. Which constraint density feels optimal? ☐ Low (1 rule) ☐ Medium (3 rules) ☐ High (5 rules)

- ☐ Low(1 rule)
- ☐ Medium(3 rules)
- ☐ High(5 rules)

16. Optional feedback: Any prompt that seems problematic?
